

DESIGNED FOR YOU BY YOU— Harbrace and Brief Wadsworth Handbooks

Thomson Custom Solutions and Thomson Wadsworth make it easier than ever to customize our leading English Composition handbooks to create a highly personalized and convenient course resource for your students.

Tabbed for Easier Access

Tabs make it even easier to locate and find the information you need. Each section of your handbook will be separated by tabs allowing students to quickly reference the needed resources.

The First Tab Is All Yours!

We have set aside the first tabbed section named "Campus & Course Info" just for you. Include your syllabus, school policies, writing samples, style guides, or other course specific information. For specific guidelines on "Campus and Course Info" file submission, please contact your local Thomson representative. If you have a need for even greater customization, your local Thomson representative will also be happy to help you explore your options.

Sturdy Spiral Binding

Spiral wire is the economical binding solution that will be used to bind your custom English Handbook. It will add a professional look and lie flat when opened, making it easy to turn the pages all the way around.

Add a Personal Touch with a Customized Cover

Add a personal touch by creating a custom cover that is unique to your course. For ultimate flexibility, the custom Harbrace and Brief Wadsworth Handbook program offers you two cover options.

1. Default Cover- The default cover option includes a softbound version of the original Harbrace or Brief Wadsworth cover, with editable back cover copy, one line of personalized front cover copy, and a space for one school photo on the back.

2. Custom Design Template- When you choose the custom design template option, you will have the ability to create your own handbook name, course title, and back cover copy. In addition, we have reserved a space for you on the front and back cover to include images of school landmarks or photos.
